ABOUT ME

Motivated B.Tech CSIT student passionate about Product Management and UI/UX Design. Skilled in user research, wireframing, prototyping, and problem-solving with a focus on creating user-centric digital experiences.

EDUCATION

B.Tech in Computer Science & Information Technology
Acropolis Institute of Technology & Research, Indore (RGPV)
2023 – 2027

PROJECT EXPERIENCE

Job Tracker App – Product Management & UI/UX

- Designed a mobile app to help students track internships and job applications.
- Created wireframes, user flows, and interactive prototypes in Figma.
- Planned features like application status tracking, reminders, and dashboards.

RailFlow – Railway Booking UI/UX Case Study

- Designed a railway ticket booking platform focused on faster and simpler booking.
- Created high-fidelity UI screens, wireframes, and responsive user flows in Figma.
- Improved usability through clean navigation and intuitive booking experience.

Candle Branding & Packaging Design

- Developed a luxury candle brand identity with packaging and social media creatives.
- Designed logo concepts, product mockups, and visual branding assets.
- Applied branding and visual storytelling principles for a premium look.
